

**PETRON
PLUS™
FORMULA 7**

**PETRON
PLUS™
FORMULA 7
ULTRA B-10 TO B-20 BIO-DIESEL
FUEL CONDITIONER with LUBRICITY**

▶ **PART NO.'S: 20200, 20202, 20204, & 20205**

TECHNICAL DATA SHEET

Petron Plus™ Formula 7 Ultra B-10 thru B-20 Bio-Diesel Fuel Concentrate is a cost effective multi-purpose winter diesel additive concentrate, which is formulated to provide outstanding low temperature flow properties, combined with lubricity enhancement, corrosion protection, and injector detergency. It may be used directly to bulk treat diesel at terminals. As with any winter diesel additive, the performance of this product depends markedly upon the characteristics of the diesel fuel being treated. In particular, if Petron Plus™ Ultra B-10 thru B-20 Bio-Diesel Fuel Concentrate is used in an aftermarket formulation, the response of the treated diesel fuel will depend on whether the fuel has already been treated with a flow improver at the refinery or terminal level.

In typical applications the treatment rate for Petron Plus™ Ultra B-10 thru B-20 Bio-Diesel Fuel Concentrate ranges from 200 to 400 ppm by volume. To achieve these treatment rates in aftermarket formulations, the concentrate is normally diluted with a carrier solvent, such as low pour point kerosene, to obtain a convenient package size.

Petron Plus™ Ultra B-10 thru B-20 Bio-Diesel Fuel Concentrate is registered with the US EPA.

Available in 5 gallon pails, & 54 gallon drums.

APPLICATIONS:

1. Winter diesel additive concentrate.
2. May be used directly to bulk treat diesel at terminals.
3. In an aftermarket formulation,

FEATURES:

1. Multi-purpose winter diesel additive concentrate.
2. Provide outstanding low temperature flow properties.
3. Lubricity enhancement.
4. Provides corrosion protection.
5. Provides injector detergency.
6. It's compliant - contains less than 15 ppm sulfur.
7. May be used directly to bulk treat diesel at terminals.
8. In an aftermarket formulation,
9. US EPA registered.

BENEFITS:

1. Winter diesel additive concentrate.
2. May be used directly to bulk treat diesel at terminals.
3. It's US EPA registered.
4. Multi-purpose winter diesel additive concentrate.

TYPICAL SPECIFICATION:

**PETRON PLUS™ FORMULA 7
ULTRA B-10 THRU B-20 BIODIESEL FUEL CONCENTRATE**

Part No.,	20200, 20202, 20204, 20205
Flash Point, °F	145
Freeze Point, °F	- 20
lb/US gal.,	7.65
Specific Gravity @ 60°F,	0.92
Corrosion ASTM D-849,	Negative
Color,	Amber

TREATMENT

In typical applications the treatment rate for Petron Plus™ Ultra B-10 thru B-20 Bio-Diesel Fuel Concentrate is: 32 ounces treats 500 gallons of bio-diesel, 1 gallon treats 2,000 gallons of bio-diesel. For best results, add 20200 to the fuel tank, and then fill tank with fuel.
