**FORMULA 7**

# NAPLES OFFSHORE RACING

- ▶ **OUR HORSEPOWER INCREASED**
- ▶ **OUR TORQUE INCREASED**
- ▶ **I WOULD BE CRAZY NOT TO CONTINUE TO USE IT**

**CUSTOMER TESTIMONIAL**

## CUSTOMER & TEST PROFILE

### They Reported:

My father and I have been building Hi-Performance Engines for many years. We use the best oil in our engines and change the oil often. However, we have never used any kind of oil additive.

## CUSTOMER TESTS & REPORTS

We put a bottle of Petron Plus Formula 7 Engine Conditioner in the engine. Well, when we began the dyno testing and made the first pull I looked at the shop owner and he looked at me. The print out came up and showed a 5HP, and even more impressive, 7Ft. Lbs of torque on a 520 cu. In. Big Block Chevy, that puts out 575HP and 570 ft. lbs. of torque.

What Petron Plus had done was reduce friction and I would be the crazy one not to continue using Petron Plus in every engine that my father and I build.
