CUSTOMER TESTIMONIAL

CUSTOMER & TEST PROFILE

The Texas DPS Aircraft Section is composed of 46 pilots, 15 tactical flight officers, 7 lieutenants, a captain, assistant chief pilot, and chief pilot. The Section currently runs a fleet of 15 American Eurocopter AS350 helicopters, an American Eurocopter EC145 twin engine helicopter, 7 single engine Cessna airplanes, and a twin engine Aero Commander airplane. All of the DPS pilots hold commercial pilot licenses with instrument ratings, and receive recurrent pilot training annually. All DPS pilots are also certified in night vision goggle (NVG) flight operations.

The DPS Aircraft Section is a progressive and dynamic organization, using the latest aviation technology, equipment, and training to advance the law enforcement mission and maintain the highest level of flight safety.

I wanted to take a moment to write you a brief review of the lubricant (Petron Plus Formula 7 Weapon Oil) you gave me to test. I have used both the Petron Plus Industrial Super Lube and Weapon Oil over the past 2 months with great success. I am currently working through the 5 year maintenance and deep cleaning of all the issued TXDPS Sig Sauer pistols in the Aircraft Division. I am also constantly building, repairing, and/or cleaning the department issued M4's M14's and LaRue Tactical OBR's.

CUSTOMER TEST & RESULTS

I have been using Petron Plus as the primary lubrication on all the weapons that I return to service after leaving my shop. I have, as well as the troops in the field, been extremely satisfied with the amount of anti-friction and anti-wear lubrication this product provides. The guns actually seem to run smoother when cycling after being prepared with Petron Plus. I have even begun to use this product on my personal weapons as well. I just wanted to let you know that in my humble opinion this is a great product and we will continue to use it.

Tactical Flight Officer Jeff Evans gives the signal that a swimmer is being deployed as rescue swimmer Captain Dan Edwards jumps in to the water. Evans is a TFO with the TX DPS while Edwards is a member of the TX Army National Guard's C Company, 3rd Battalion, 10th Special Forces Group. The pair are participating in an inter-agency water rescue exercise/suicider's led by the Texas Department of Public Safety. Photographed on 4 August 2008. © 2009 Greg L. Davis, Aviation
