# JOE RUTTMAN RACING

- ▶ **NASCAR & CRAFTSMAN DRIVER**
- ▶ **PETRON PLUS FORMULA 7 INDUSTRIAL SUPER LUBE IS A MIRACLE IN A CAN**

**CUSTOMER TESTIMONIAL**

## CUSTOMER & TEST PROFILE

I just wanted to write and tell you what a great product your Petron Plus Formula 7 Industrial Super Lube is.

Over the holiday, my husband, (who is a NASCAR driver, not a plumber) was installing a new faucet and pipes in my kitchen.

We had a huge crescent wrench which we bought at Sears. The thing was completely ceased-up we could not get it to budge let alone open or close.

We took it back to Sears, but they would only replace it if it was a Craftsman, this was a Sears Crescent.

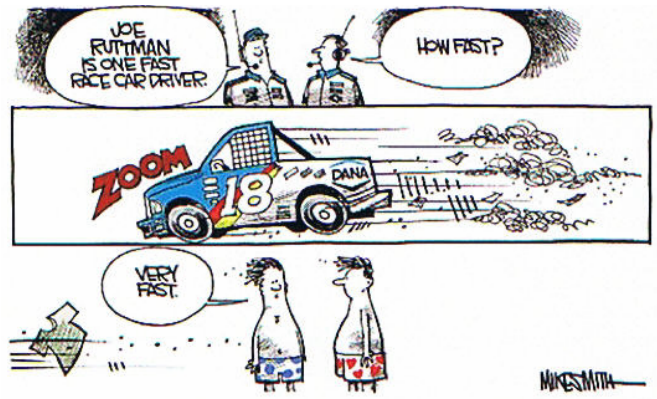

My Son-in-Law is the gear and transmission man at Bobby Allison Racing, so we took the wrench there to see if they had anything at the race shop that would free up the wrench.

Joe and my Son-in-Law Jeff tried everything in that shop including putting it in the sandblaster, nothing.

On the way home I remembered I had a can of your Petron Plus Formula 7 Industrial Super Lube spray.

## CUSTOMER TESTS & RESULTS

When we got home we sprayed the mechanism that opens and closes the wrench. Instantly it was freed up and worked just like brand new.

My husband said: "I don't know what's in that, but I can tell you it's a miracle in a can."

Being a race driver, Joe has seen many products come and go over the years, and I have never seen him so impressed or enthused over a product.

There will always be a can of your Petron Plus Formula 7 Industrial Super Lube spray in our home and race car shop.
